

## **FOREWORD**

**THE POWERS OF BLACKSKIN PIGMENTATION** is based upon Intuitive (original) Philosophical, Physiological and Psychological Research initiated (and conducted) by the Author while enrolled at the GRADUATE FACULTY of the NEW SCHOOL for SOCIAL RESEARCH located on Manhattan Island, New York City (1979). **THE POWERS OF BLACKSKIN PIGMENTATION** is a psycho-philosophical presentation of a LIFE TIME investigation into the nature and function(s) of the PIGMENT CELLS in the Sense Organ known as SKIN.

**THE POWERS OF BLACKSKIN PIGMENTATION** is the author's second major work in the discipline of philosophy/psychology, and was officially completed on the I-Land of JAH MEK YA.

## **ON POWER**

Except the Individual, the Race or the Nation has POWER that is exclusive, it means that that Individual, Race, or Nation will be bound by the Will of the Others who possess this great Qualification. Hence, it is advisable for the BLACK MAN to get POWER of every kind. POWER in Education, Science, Industry, Politics and Higher Government.

### EDITOR'S NOTE:

**NATURE:** separates ALL “living things” into four (4) Major Kingdoms (groups); namely MINERALS, PLANTS, ANIMAL S and MAN. All living things (except minerals) are made up of **CELLS**, the ‘basic unit’ of LIFE. Cells not only differ in size and shape – but more importantly, in function.

## On PSYCH-ODOLOGY

**PSYCHE'** SOUL or SPIRIT, the Mind, Greek, Psyche (literally, breath, life

**ODOLOGY** The science or study of

For thousands of years before Philosophy, Religion and Art had taken their separate forms as we now know them, **PSYCHOLOGY** had existed in the form of 'The Mysteries System', such as those of Ancient Africa (Egypt), and Greece. After the disappearance of 'The Mysteries', **PSYCHOLOGY** existed in the form of 'Symbolic Teachings', which were often times connected to the religion of the period, as well as to varied disciplines such as Astronomy, Alchemy, Magic and the more , modern Masonry, Occultism, and Theosophy. The word **PSYCHOLOGY**, like many western scientific terms, has a Greek origin. It is composed of two (2) words – PSYCHE – meaning Soul, Spirit, or Mind, and logos –meaning the study, knowledge, or science of. Literally speaking, the word PSYCHOLOGY means the study, knowledge, or science of the SOUL, SPIRIT, or MIND. When **PSYCHOLOGY** emerged as an independent scientific discipline in Germany during the late 19<sup>th</sup> century – as the offspring of Philosophy and Experimental Physiology – the great minds of academic **PSYCHOLOGY** were figures such as Wundt, Helmholtz, Ebbinghaus, Titchener and Kulpe. The basic task of **PSYCHOLOGY** then was to discover the “basic elements” of conscious AWARENESS. It conceived of awareness (consciousness) as being made up of 'structural elements' which were closely correlated with/to the Activities occurring within the Sense–Organs of the body (man.)

MAN's awareness/consciousness of the external World , comes to him through/via his sense-Organs of Feeling/Touch (Skin), Smelling (nostrils), Taste (Tongue), Hearing (ears), Seeing (eyes), and Imagination (Brain). From these organs of “sense activities”, the **BRAIN** receives its 'impressions' and **MAN** perceives of the **UNIVERSE** in which he lives.

**SOLAR SYSTEM** refers to the Sun (RA), and all the Objects that travel around it. These objects include the EARTH, and eight (8?) other planets, Planet-like bodies called Asteroids, Bodies of frozen Gases and Dust called Comets, and drifting particles called Interplanetary Plasma.

The SUN, itself a star, is one of **MILLIONS** (of stars) found in a vast System of Stars called the [MILKY WAY] GALAXY.

Ancient CULTURES /People worshipped the SUN as the Creator/ Sustainer of LIFE on Earth. These include the EGYPTIANS in AFRICA, the SUMERIANS in ASIA, the GREEKS in EUROPE, the AZTEC and MAYAS of CENTRAL AMERICA, and the INCA INDIANS of SOUTH AMERICA. The SUN (vibrates) gives off ENERGIES in several various forms. These include Visible Light Invisible infra-red. Ultra Violet Light, X and gamma rays, radio wave, plasma, etc. ALL life forms on planet EARTH utilize and depend on these radiant ENERGIES from the SUN. Many stars in the MILKY WAY are themselves centers of (SUN/ SOLAR) SYSTEMS. The SUN, which is looked upon as the Centre of the SOLAR SYSTEM, itself revolves around the Magnetic Centre of the GALAXY.

The Milky Way, and **BILLIONS** of other Galaxies, make up our (bound-less) Infinite Universe.

**EARTH** is the only known planet that has sufficient oxygen-gas (O<sub>2</sub>) surrounding it (etheric covering), and sufficient (H<sub>2</sub>O) water on its surface to support LIFE –as we know it. **EARTH** is one of nine (9) planets that (revolve) circle around the SUN, as part of our/ the SOLAR SYSTEM. All the planets including Pluto, the farthest planet from the SUN, are surrounded by various “amounts” and “types” of gases. There is no single generally-accepted explanation or theory as to when or how the planet EARTH, and/or the SOLAR SYSTEM, was formed.

### The PLANT KINGDOM

**PLANTS** are the (oldest) *most ancient form* of LIFE found on planet EARTH. Botanists have found fossils of *simple* PLANTS that lived more than three (3) billion years ago, though no one knows exactly what they looked like. **PLANTS** grow in almost every part of the EARTH – high on mountain-tops, deep on the ocean’s floor, in Tropical (hot), Desert (dry), and Polar cold) regions. Some of the *smallest* PLANTS called diatoms can be seen only with the microscope, while the largest of all living things are the Giant Sequoia Trees in California, U.S.A.

**NATURE** separates the PLANT kingdom into two (2) major sub-Kingdoms (group), based primarily upon whether or not PIGMENT CELLS (chlorophyll) are present in the Epidermis Skin (leaves) or Body of the PLANT. Simply put, there are PLANTS with **PIGMENT CELLS**, and there are PLANTS *with-out*.

**GREEN PLANTS** called Autotrophs are endowed by NATURE with **PIGMENT CELLS** called **CHLORO-PHYLL** which is found mainly in the Epidermis SKIN (leaves) and Body of the PLANT. These **PIGMENT CELLS** (enable) access GREEN PLANTS to the POWER to CREATE their *own food*, that is, to feed themselves by converting (combining) light rays from the SUN, carbon –dioxide from the Air, with Water and minerals from the EARTH – into organic (**food**) compound. This LIFE-generating, Self –sustaining ‘cycle of activities’ powered by the **PIGMENT CELLS**, occurs chiefly in the epidermis skin of the PLANT, and serves also/ operates as NATURE’S *Divide Agency* or mechanism for ‘creating and diffusing’ oxygen-gas into the EARTH’S atmosphere for breathing purposes.

Neither MAN nor the ANIMALS can live without oxygen or food, so neither MAN nor the ANIMAL can survive without the Pigment(ation) activities of Green Plants. GREEN PLANTS provide MAN and ANIMALS with food and medicine while releasing crucial Oxygen-gas into the atmosphere for respiration.

The SUN supplies the ENERGY that powers this Cycle of NATURE.

Parasites

**NON-GREEN PLANTS** are *without* (lack) Pigment Cells (chlorophyll) in their SKIN/leaves and/or bodies, and are therefore unable to or lack the POWER to (create their food,) feed themselves. These plants called Parasites or Saprophytes exist (survive) in NATURE by feeding upon others; I.e., GREEN PLANTS, or dead animals.

Like the PLANT kingdom, the Kingdom of MAN (People) is separated by NATURE into two ((2) major groups based similarly upon whether or not Pigment Cells are present in the Epidermis SKIN or body of the (person) People.

### **SKIN: The Outer Covering/Organ of Feeling**

**SKIN** is the word generally used to define the “outer covering” of a person, animal, fruit, etc. The SKIN is responsible for performing several important metabolic processes; e.g., regulate body temperature, excrete waste materials, etc., The SKIN is the *largest* (in terms of size) Sense Organ found in the body of MAN. If the SKIN of an adult person were spread out flat, it would cover nearly eighteen (18) square feet while weighting almost six (6) pound (13.2 kgs.). The average human brain weighs roughly 1.4kgs., or three (3) pounds. SKIN represents the ‘primordial organ’ of Sensation because:

1. The SKIN appears in the Embryo of the Fetus, before the emergence of the Brain, Lungs, Heart, Kidney, etc.;

### **Structure of BLACKSKIN**

The organ SKIN is composed of two (2) layers of cells. The outer- layer is called Epidermis, below which lies the layer Dermis. The word Dermis is taken from the original Greek word for ‘skin’. The Greek prefix Epi- meaning ‘outer or over’, is added to the word dermis to define the outer-layer network of cells.

### **DERMIS: The Physical (biological) SKIN**

The **DERMIS** is made up of a closely-woven network of connective tissue from one –sixteenth to one-eighth of an inch thick. Blood vessels, Vessels for carrying Lymph, Hair follicles, Glands and NERVE CELL- Endings are found in the layer **DERMIS**. Any cut which draw blood must be deep enough to penetrate the **DERMIS** Skin. On the outer- surface of the **DERMIS**, are a great many tiny elevations about two-hundredth of an inch high. These are called Papillae, the word originating from the French (language) for ‘pimple”. **PAPILLAE** are the NERVE CELL Endings of the SKIN that are responsible/ sensitive to the ‘vibrations’ of physical FEELING, or touch. PHYSICAL FEELING, or the sense of touch, brings to an Individual the immediate consciousness (awareness) of cold, warmth, pain, pressure, etc.

## **EPI-DERMIS: THE Psychological/ E Motional (SPIRITUAL) SKIN**

**EPIDERMIS** is the ‘outer-layer’ of Cells covering the Aspect of the SKIN (Dermis) responsible for Physical FEELING. The EPIDERMIS is made up of three (3) individuated tiers of Cells DIFFERING in shape, size, and function. The upper-most layer of the EPIDERMIS is made up of numerous flat-cells placed side by side like paving stones in the street. There are twelve (12) to fifteen (15) of these rows arranged one above the other. Below this layer of cells are several rows of round-cells which grow flatter and flatter towards the surface of the **EPIDERMIS**. These cells also become drier as they are pushed upward and outward by the new cells below. When these cells finally reach the surface of the **EPIDERMIS**, they are shed as thin flakes. These flakes are the dead (skin) cells a person often rubs off with a towel after a bath. The SKIN of BLACK (African) PEOPLE also possess a substance called **TYROSINE**. Ultra violet Light from the SUN acts on tyrosine, and transfers it into the PIGMENT called MELANIN. **MELANIN** is then deposited/ stored in the Epidermis SKIN of BLACK PEOPLE.

### **The MALPIGHIAN LAYER**

The deepest (third) layer of the Epidermis SKIN is called the **MALPIGHIAN LAYER**. Malpighian means having to do with, or discovered by Marcello Malpighi (1628-1694), an Italian anatomist. **Significantly, there are no blood vessels at the MALPIGHIAN LAYER.** However, the **MALPIGHIAN LAYER** is made up of *Living Cells* which have not become hardened. It consist of columns or rows of NERVE CELL Endings shaped like post, or cones, suspended in “great deposits” of the BLACK PIGMENT MELANIN. The SKIN of BLACK (African) PEOPLE possess a substance called TYROSINE. Ultra violet Light from the SUN acts on tyrosine, and transfers it into the PIGMENT called MELANIN. MELANIN is then deposited/ stored in the Epidermis SKIN of BLACK PEOPLE. These specialized PIGMENTED (Melanin-ated) Cells have the capacity/ ability to absorb (record), store, and release (radiate) *all the varied forms* of **ENERGY** emanating from the SUN, without destroying the molecular-structure of the Cell itself. The Hair and Nails are also part of the EPI-DERMIS that have special functions.

## **SKIN: The Organ of FEELING**

The sense faculty of FEELING however, operates at minimum on two (2) Levels of AWARENESS (consciousness). These are:

1. The Awareness of physical FEELING, or Touch, and
2. The Awareness of “non-physical” FEELING, or Intuition, E-Motions. Etc.

Similarly, the Organ of FEELING (SKIN) operates from two (2) distinct layers of NERVE CELLS.. Since each layer of SKIN is dynamically-different in both structure and response-potential, then it is logically conceivable that (both) the two levels of AWARENESS have their Neurological Foundation firmly rooted to a specific layer of **SKIN**. In other words, the layer DERMIS is responsible/ sensitive to Physical FEELING while the layer EPI-DERMIS is responsive/ sensitive to “nonphysical” (psychic, intuitive, etc.) FEELINGS.

## **On MELANIN**

The word MELANIN comes from the Greek word melanos- which means BLACK. MELANIN is found in the heart, liver, intestines, muscles, nerves, and in twelve (12) locations (centers) within the Brain of BLACK PEOPLE. Pigment MELANIN ‘increases the speed’ of Brain and Nerves- messages which are transmitted throughout the bodily network. Derivatives of **MELANIN** can also be found in the Blood, Hormones, and Cerebro-spinal fluid. MELANIN has been found in the oceans, the soil, our food, particularly GREENS, banana, and eggs-plants. **MELANIN** can re-arrange its chemical structure to *absorb* All ENERGY across the radiant-energy spectrum. This includes forms of ENERGY such as sound (music/ ultrasonic), radar waves, Radio/ TV waves, microwaves, thermal radiant heat, visible light, X-rays, cosmic rays, ultra-violet light, electro- magnetic energy and the EARTH’s magnetic-energy. MELANIN is influenced by Light rays, Sound vibrations, and by the Electro-Magnetic fields of the EARTH. **MELANIN** is the most important, most complex, and the most perfect molecule found in the body of MAN.

### **On BLACKSKIN PIGMENTATION**

Like the (Papillae) Nerve Cell System of the DERMIS SKIN, it is physiologically conceivable that the NERVE CELL Endings of the EPIDERMIS SKIN are also sensitive/responsible to ‘rates of vibration’ of a more subtle NATURE – reaching perhaps ‘outside/ beyond the boundaries’ of Physical FEELING, and into the dimensions/ realm of “nonphysical” FEELING, invisible thought, mind, spirit, and/or SOUL.

In addition, like the Pigment Cells (Chlorophyll) of GREEN PLANTS, it is psychologically conceivable that the MELANINATED Pigment Cells of BLACK PEOPLE are/could be genetically responsible for higher/deeper psycho-physiological (spiritual) activities that may prove vital to the future survival and development of ALL Pigmented People. Furthermore, separate and apart from the two (2) established major Nerve (cell) Systems of the body i.e., the Brain and Spinal column, it is theoretically conceivable that the Melanin-ated Pigment Nerve (Cells-Endings) System found in the EPIDERMIS SKIN could form and provide:

1. A Neurological structure or Frame-work upon which the original Divine ( PSYCHE) I-NTELLIGENCE/SOUL of BLACK PEOPLE is rooted/established;
2. A primordial MEMORY-SYSYEM that is capable of absorbing (recording) and storing FEELINGS- that is, the “collective ancestral experiences” stored as **RACIAL MEMORIES**;
3. An Extra (additional) **Sensory Perceptual (ESP)** system or apparatus, giving rise to the **POWERS** of inner-vision, clairvoyance, telementation, etc. and
4. There exist two (2) major Nerve-cell system located in the organ SKIN that are responsive/ sensitive to the vibrations of FEELING (touch) – in the widest possible terms.

“The BLACKSKIN of African people is falsely attributed to the SUN and heat od Africa. Actual-ly (in reality), the black-ness of the African SKIN comes from the highly excited Pineal (eye) Body of African People and not from the fact that they are from Africa. The location of this EYE (1), which is the center of the Brain, is

called the 'cradle of God' by the Ancients."2 Hence, the BLACK of the SKIN is neither a 'curse of NATURE', a Hue of light, nor the "opposite" of white. Instead, the BLACKNESS of the SKIN demonstrates:

1. The complete absorption of visible light (state of darkness) by the Pigment MELANIN;
2. Of Acts to protect the DERMOS SKIN from the harmful effects Solar Radiation (e.g., skin cancer), and possess
3. The ability to manufacture the mineral calcium that goes to the bones of the body.

**BLACKSKIN PEOPLE**, otherwise called Africans, Egyptians, Nubians, Ethiopians, etc., are endowed by their NATURE/CREATOR with Pigment(ed) Nerve-cell endings functioning from the MALPIGHIAN LAYER of the SKIN, thereby EM-POW-ERING PEOPLE of BLACKSKIN PIGMENTATION with the 'divine inspiration' to FEEL the "inner-vibration" generated by the SKIN, ENVIRON-MENTAL SPACE and TIME.

**NON-BLACK PEOPLE** called Hue-men , Aryans, Caucasians, etc., lack by **NATURE/** are with-out Pigment Cells in their SKIN and/ or bodies, and are:

1. Unable to utilize Ultra-violet light to manufacture calcium;
2. Unable to naturally protect their DERMIS SKIN from the harmful effects os solar radiation;
3. Unable to absorb, store, or re-use the radiant ENERGY from the SUN, and
4. Unable 'to feel' the "inner-vibes" created by the Pigmentation of the EPIDERMIS skin.

**NATURE** has endowed 'special' PLANTS and 'certain' PEOPLE with Divine Powers of CREATIVITY, SURVIVAL and FEELING – inspired by the 'spiritual activities' of the Pigment Cells located in their EPIDERMIS SKIN. Thus, the Nature and Function(s) of the Pigment Cells of the SKIN provide conclusive evidence to support the genetically-superior Physical, Mental, Psychological , and Spiritual "differences" that exist between the KINGDOM of MAN / People with BLACKSKIN PIGMENTATION, and those *with-out*.
